Munich is the Capital of the state of Bavaria and lies near the foot of the German Alps. It is Germany's second most popular destination after Berlin, and has something to offer to everyone: culture, hi-tech, parks and greenery, night-life, architecture, beer gardens, shopping or the skiing and sailing close by.

Munich is often called the 'City with a Heart', and though a throbbing cosmopolitan place it has a village feel and the people are warm and friendly.

The New Trade Fair Centre

The New Munich Trade Fair Centre is one of the most modern trade fair centres in the world. It was built on the location of the old Munich Airport, and is easy to reach by road or by the underground network.
